HHS informs Congress CSBG supplemental dollars to be released by Friday, May 9th

Message from NCAF: Thanks to all of you who contacted your congressional delegation and state leaders to put pressure on HHS to release the CSBG CARES Act funding. Your efforts were coupled with an all out blitz by NCAF in-coordination with Congress, and late yesterday HHS began informing members of both the House and Senate that the CSBG supplemental dollars (the \$1 billion) will be released to the states by the end of the week May 9th.. We currently have no information about guidance to the states, but one would have to assume that the guidance will also be going out very quickly.

COVID-19

Michiganders can now text "RESTORE" to Crisis Text Line to get mental health support

Getting crisis mental health support is now as simple as sending a text to a new service being launched today by the Michigan Department of Health and Human Services (MDHHS) as part of its Stay Home, Stay Well initiative during the COVID-19 pandemic.

By texting the keyword RESTORE to 741741, Michigan residents can have a confidential text conversation with a crisis counselor.

Trained counselors are available 24 hours a day, seven days a week to respond to texts from Michigan residents who are facing a mental health crisis — everything from anxiety and financial issues to suicide and domestic violence. While the text line is starting during the pandemic, MDHHS intends to continue offering the service in the future. [Read more](#)
